

Consultants

PROFESSIONAL LIABILITY

Like other professionals who provide a service, consultants are at risk for liability exposure. An unintended error or omission while offering recommendations could result in the miscommunication of information or the failed implementation of an otherwise sound business strategy. Due to perceived—or real—negligence (as a result of insured services), a dissatisfied customer's allegation can quickly turn to litigation, putting a business owner's finances and reputation in danger. Our **Consultants Professional Liability** coverage can help by providing peace of mind about these uncertain circumstances, so . . . our clients can stay focused on what they do best!
